George Brown does his Tim Rife look-alike.

Mr. Blevins does what he does best!!!

Mr. Johnson enjoys Ag. Ed.

Principal Thomas Hagy

TO THE CLASS OF 1984:

I congratulate each of you on your achievement and graduation. As each of you move into the Adult World, my desire for you is that you meet with much success in your future academic pursuits or in the world of work.

I offer these suggestions to you graduates:

As you encounter new lifestyles, don't be intimidated.

Make your whole environment your next classroom.

Try to keep your priorities straight and know that it is not an easy task.

Don't expect things to always go right and learn to profit from mistakes.

Share yourself by helping others and be respectful to all.

Put your trust in God.

Thomas W. Hagy  
Principal

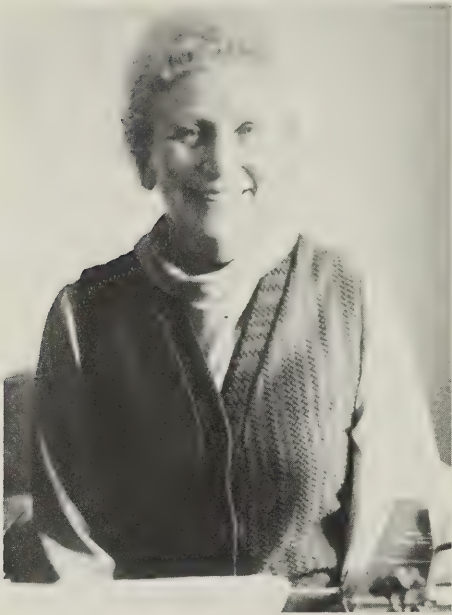

Vice Principal Woodrow Mullins

Vice Principal Thomas Witten

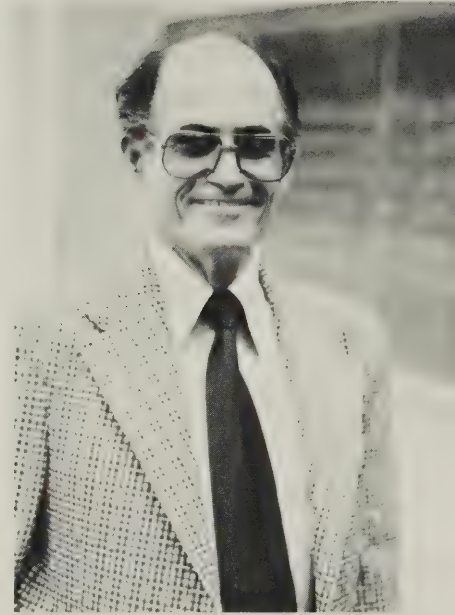

# Richlands High School Guidance Counselors

Ms. Millie Aker: 11th and 12th grade counselor.

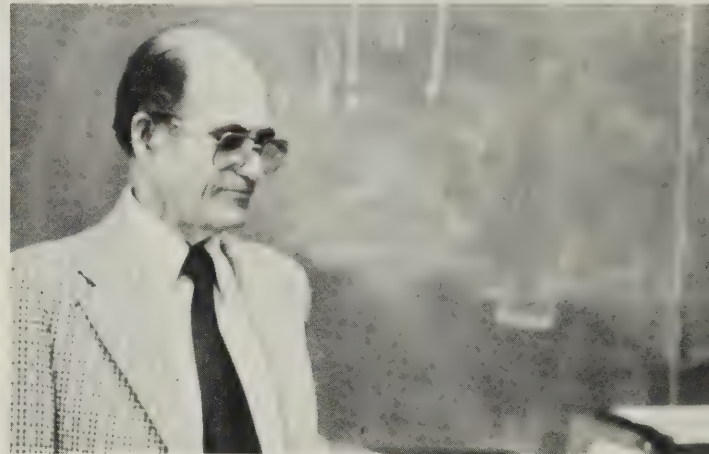

Mrs. Louise Grimm: 9th grade guidance counselor.

Mr. David Taylor: 10th grade counselor.

Smile Chris It's Friday!

Are you really that interested Mike?

In trouble again?

Reach 2-3-4-5-6-7-8...

Gossip, Gossip, Gossip.

I know it's here somewhere!

Dancing the night away!

How many more minutes until the bell?

Is Winston ready for the army, are they ready for him?

Raise your hand if you're sure!

Smile you're on Candid Camera!

## Yuri Yoshida Added Oriental Flavor to RHS

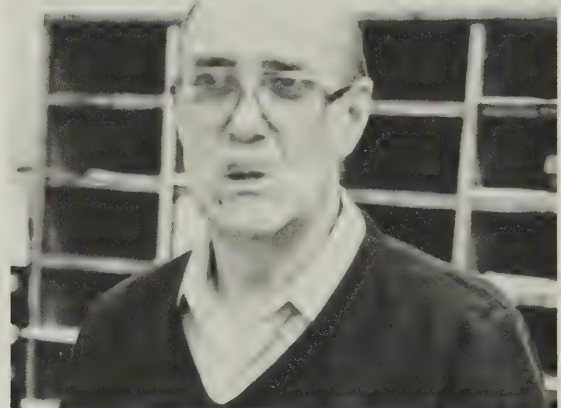

Dear Students,

It is so interesting for me to go to American school. Because it is so different from my Japanese school. I learned a lot more things than just language. At first I didn't know anything about American school. But teachers and friends are friendly and nice to me. I learned a lot of things from them. I joined SCA and talked about problems we have in this school. Those are so interesting to me. I think my Japanese school is just for study, but this school is for the students. You have lots of events in this school. I didn't have such events when I was in my Japanese school, and I am really enjoying this school. I will go back to Japan after school is over, but I will never forget about this school.

Sincerely yours,  
Yuri Yoshida

**W.B.F. White and Sons has a warm spot in its heart for your Richlands students. For one thing, most of your mothers and fathers have been good friends and customers of ours down through the years. Many of you grew up in homes we furnished materials for, slept in beds we sold, and ate your food cooked on a White's appliance and served on White's dishes.**

**But just because we're an old business firm doesn't mean we're old. We're continuously expanding our lines of merchandise. We're with it when it comes to new business methods.**

**We want to keep up with the times — and with you. When you need things we sell, come by. You'll get the same friendly service your grandfather and grandmother did. And our slogan is still the same "You can get it at White's."**

Just as we do. Because when customers need electric service, we are obligated to provide it.

And we always knew that you and your classmates might one day be our customers. That's why we started planning for today ten years ago, so that we could provide electricity for the life-style you choose.

We hope we can supply electricity for all your tomorrows, too.

# **PITTSTON Coal**

## The Dependable Energy Source

### Pittston Coal.

It begins in rich coal seams under the beautiful Appalachian Mountains of southwestern Virginia, West Virginia and eastern Kentucky.

Here Pittston controls several billion tons of some of the highest quality metallurgical and steam coal reserves in the world.

Here Pittston has invested, and will continue to invest, hundreds of millions of dollars in modern mining operations to serve our customers around the world.

Here thousands of miners and their families depend directly on our company for their livelihoods, and tens of thousands of others in the region benefit from our economic contribution.
